DETAILED ACTION

Claims 41-62 are pending in this application.

Action Summary

1. The examiner acknowledges the cancellation of claims 12-40. Therefore, any and all objections and/or rejections directed to them are hereby withdrawn.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 41-62 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim a self-invertible inverse latex, however, it is not defined by the claims what the self-invertible inverse latex is comprised of. It is unclear by way of the claims what the inverse latex is comprised of.

Conclusion

3. Claims 41-62 are rejected.
